

Modular Furniture Piece.

Chair (w/out castors only) / Coffe table (w/ optional swivel casters) / Side table (w/ optional swivel casters)

SURA is a modular furniture piece designed for small spaces. It functions as a chair and with the addition of locking, swivel castors it functions as a coffee or side table. The castors make the coffee/side table very portable. SURA is fabricated out of a strong aluminum alloy with an Indian inspired design woven into the metal.

Options and Features

SURA works as a chair or a coffee/side table. Both the coffee table and side table models come with the option of locking, swivel casters. Casters are available in 40mm diameter. SURA also contains storage space inside for books and magazines.

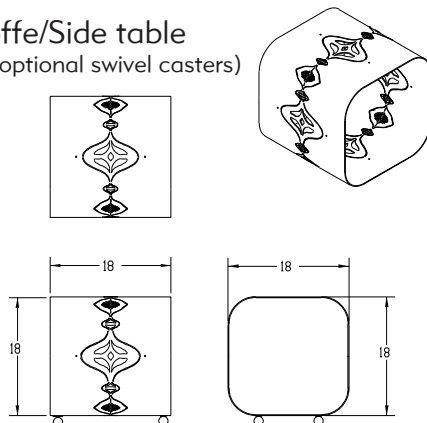

Finishes

SURA can be fabricated out of the following materials: stainless steel (available in a #4 brushed finish) or aluminum. Aluminum alloy models are available in a non-directional, satin or powder-coated finish. Powder-coating color options: matte or glossy white, matte or glossy black or glossy silver. Custom colors are available upon request when a minimum order is placed.
